Camil Saunier

Full Stack Developer — React & Node.js

camilsaunier@gmail.com · +33 6 10 60 52 05 · France · Ready to relocate

linkedin.com/in/camil-saunier-770078167 · github.com/CamilSaunier

Eligible: AEWV (NZ) · Visa 482 (AU)

PROFESSIONAL SUMMARY

Career-changer with a strong technical foundation, combining a newly acquired Full Stack Development qualification (React, Node.js, TypeScript, Docker) with 5+ years of professional experience in high-complexity field operations. My background in fibre network infrastructure — where precision, autonomous problem solving and zero-error tolerance are critical — translates directly into disciplined, production-minded development. Completed two back-to-back internships delivering real-world features. Looking to join a team in New Zealand or Australia where I can grow fast and contribute meaningfully from day one.

SKILLS

Front-end: React.js, TypeScript, HTML5/CSS3, UI/UX implementation, Data visualisation (charts), Responsive design, Component architecture

Back-end & Infra: Node.js/Express, TSOA (type-safe APIs), BullMQ & Redis, Docker & containerisation, PostgreSQL/Prisma, RESTful API design, Agile/Scrum

Transferable: Technical problem solving, autonomous work ethic, client-facing communication, digital reporting & documentation, project coordination, adaptability & resilience

EXPERIENCE

Full Stack Developer — Internship

Dec 2025 – Present

Semantik Match — France

- Led a complete UI/UX overhaul of the candidate platform, improving visual consistency and navigation flow.
- Designed and built an Autofill profile feature, reducing friction and improving completion rates.
- Implemented an AI-driven pre-filtering system to refine candidate search results and matching accuracy.
- Built and maintained RESTful APIs with Node.js and TSOA (full type safety, auto-generated docs).
- Managed asynchronous background jobs with BullMQ and Redis; consistent environments via Docker.

Full Stack Developer — Internship

Jun 2025 – Jul 2025

Moustache Bikes — France

- Contributed to a full graphical and functional overhaul of the retailer portal, making business data far more accessible.
- Built dynamic React interfaces for dealer networks, inventory levels and real-time performance charts.
- Collaborated with the digital team to align internal tools with brand guidelines and UX requirements.

Senior Fibre Field Technician

Jun 2020 – Dec 2025 · 5.5 years

ERT Technologies / Altice — France

- Independently managed the full fault-to-fix cycle for critical FTTB/MDU and B2B fibre accounts — a zero-tolerance mindset directly applicable to production environments.
- Managed 24/7 emergency response and ran full diagnostic cycles on FTTH/FTTB infrastructure.
- Onboarded and mentored junior technicians on complex installation and maintenance protocols.
- Digital reporting & signal testing (field strength meters, spectrum analyzers); a clean documentation habit carried into development.
- Completed Full Stack Developer retraining (Pro-A programme) in parallel from 2024.

Earlier experience**Australia & France**

- **Agricultural Worker** — NQ Fresh & Groves Grown Tropical Fruits, Queensland, Australia (2018–2020): 2 years working entirely in English in a multicultural environment; rapid adaptability to a new country.
- **Regional Development Officer** — Grand Est Taekwondo, France (2014–2017): managed multi-stakeholder projects, secured public funding, coordinated 4 regional clubs.
- **Surveillance Assistant** — Louis Lapicque High School, France (2017–2018): communication, conflict resolution and student welfare.

■ EDUCATION & QUALIFICATIONS

Professional Title — Web & Mobile Web Developer (DWWM)	2025
O'Clock — professional retraining (Pro-A) · NZ Level 5 equivalent	
DEJEPS — Project Coordination & Community Development	2016
FFTDA (French Taekwondo Federation) · NZ Level 5 equivalent	
French Baccalaureate	2011
Lycée Louis Lapicque	

■ LANGUAGES

French — Native · **English** — B2 Professional Working Proficiency (lived & worked in Australia, 2018–2020)

■ ADDITIONAL INFORMATION

Full manual & automatic driving licence (since 2012) · Available to relocate immediately · Eligible for AEWV (NZ) and Visa 482 (AU) sponsorship · Reference letter available (ERT Technologies HR)

■ INTERESTS

Running (trail & endurance) · Taekwondo (regional development level) · Acoustic guitar
